

NMQ AI COMMAND CENTER

Built Software · AI Integrations Per Project · Live Demo Mesh

Chief Software Architect **Dejan Milosevic** — solo builder of production iGaming mesh, AI Cockpit, and 20+ owned product concepts. Not a license desk. Full source transfer or custom scoped builds.

01 · AI INTEGRATIONS (PRIMARY FOCUS)

I love building AI integrations per project — LLM routing (Gemini / OpenAI), autonomous agents, RAG, BYOK pipelines, 5-3-2 scoring, operator dashboards, webhook telemetry. Each integration is shaped to the product requirements and evolves with the build. Not off-the-shelf plugins.

02 · LIVE PRODUCTION — VERIFY TODAY

NMQ TRACKER DEMO

tracker.aicommandcenter.pro

Casino → Tracker mesh: affiliate click cookie, registration webhooks, DEPOSIT / LOSS / retention telemetry. Cockpit sandbox: zero API cost, no login required.

03 · WHAT IS BUILT

- **AI Cockpit** — RADAR harvest, Auto-Sniper 5-3-2, War Room CRM, Laboratorija auto-exec, Analytics
- **iGaming mesh** — 5 casino modes, 4 slot skins, provably fair, affiliate RevShare engine
- **NMK Boom** — merchant automation, supplier tiers, order pipeline (high-value holding asset)
- **Pipeline** — WealthTerminal, RentAI, Pyramid Craft, Neza traffic channel
- **20+ owned business ideas** — finished or started installs across the holding

04 · COMMERCIAL MODEL (NOT PER-SEAT LICENSING)

Custom AI integration + full-stack build (scoped)

EMAIL INQUIRY

Platform transfer — Cockpit + Casino + Tracker source

€150k – €350k

Full company acquisition — brand + all projects

€1.5M – €2.5M

Buyer receives full software, deploys unlimited instances, monetizes under their brand. Architect provides engineering + handover — not a sales or support desk. Email-only B2B: dejanswat@gmail.com · no calls · no meetings.

05 · ARCHITECT CV — DEJAN MILOSEVIC

PROFILE

Solo architect shipping complete, production-ready software. Live iGaming mesh, AI Cockpit, merchant automation (NMK Boom), and bespoke AI integrations per client scope. DEJAN MILOŠEVIĆ PR · registered 2006 · Serbia (EU remote).

AI INTEGRATION STACK

Gemini / OpenAI

BYOK per project

Autonomous agents

RAG

Prompt pipelines

Webhook AI events

Operator dashboards

SELECTED ENGINEERING

- End-to-end iGaming mesh — click ingestion → casino conversion → tracker ledger
- AI Cockpit — harvest, scoring filter, outreach, CRM, lab execution
- Investor documentation — term sheets, Master Core v4.0 spec, enterprise manuals
